

DENISE ROSIER ...

Denise Rosier is an award winning singer/songwriter with over a decade of writing and performance experience.

Her song "You Are Beautiful To Me" can be heard on the Children's CD Series "I Love Life", and her song "American Girls" was a winner in the "American Girl" songwriting competition and will be recorded next year.

Denise is also a staff writer for the Songs Of Love Foundation writing custom songs for chronically, and terminally, ill children.

My third graders and I sat spellbound as Denise Rosier sang to us in our classroom. Not only is Denise a talented musician, she also has an innate understanding of what music brings joy to children. We learned a little about the guitar, writing music, and had fun singing with Denise. All children would be fortunate to have this experience.

**- CeCe Pollin, Teacher
Santiago Elementary, Lake Forest, CA**

When your family performed for us, the students were intrigued and fully engrossed with your performance. They focused with attentive listening ears because of the excitement of the music. Not only did you have my class excited about music, but all of the other 2nd grade classes as well at our end of the year celebration. Thank you again for volunteering your time to our school.

**- Heather Elo, Teacher
Santiago Elementary, Lake Forest, CA**

Your visits to my first grade classroom with your husband were fun filled, educational, and a highlight of the year.

Songwriting With Denise

Collaborate with Denise to explore ideas & create original songs. Encourages thought organization, and teaches about rhyme. Material tailored to age group (2nd - 6th grade).

Musical Library Tour

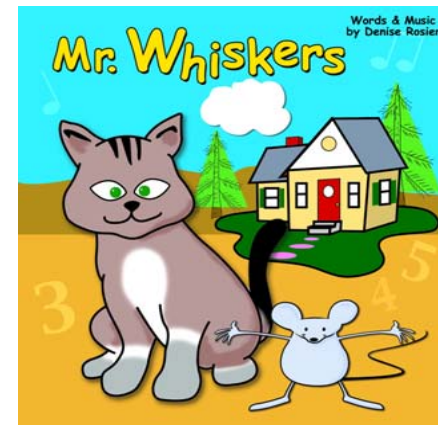

Songs to celebrate reading, books and libraries. Perfect for book week, book fairs, youth author's conference, or any reading related event

Tell Me More About Music

Denise shares her own favorites, and her most popular songs, along with insights into how they were created.

Denise brings her guitar, ukulele, and the "cow" bass for an educational and entertaining time of singing & learning about music, musicianship, and instruments.

All programs include Q&A with students.

Forthcoming book / CD by Denise Rosier
